Eligible Batchelors Beware! . . . AWS Sadie Hawkins' Day Friday

By JOHN LAUE

"Sadie Hawkins' Day," sponsored by the Associated Women Students of Hartnell, will take place next Friday.

The order of the day is that the women around Hartnell chase the men instead of the usual procedure.

This interesting custom originated in Dogpatch (the Li'l Abner comic strip by Al Capp). In the last few years, it has swept the nation and is practiced now from coast to coast.

It seems that a few years ago, in Dogpatch, there was a girl named Sadie Hawikns who just couldn't seem to get married. One day her father, a pretty influential man around Dogpatch, got a brilliant idea. Even if she couldn't catch a man by her feminine wiles, she certainly could in a foot race. At the first gun, the town's eligible bachelors were to start. At the second, the swarm of rampaging females would tear after them. Any girl to catch one of the men and drag him over the starting line would be married to him on the spot. Despite frantic resistance, the race was held and Sadie Hawkins got herself a husband. Every year, from that day on, the Sadie Hawkins' Day race has been held in Dogpatch.

At Hartnell, however, the penalty for being caught is not so great. n fact, it is rather fun. For the whole day, the girl pays for the guy she catches.

Costumes for Sadie Hawkins' Day will be gunnysacks for the women and long underwear for the men. Actually, though, almost anything is acceptable.

A dance will be held from 9 to 12 in the Men's Gym with Rene Eris' combo furnishing the music. Admission charge will be $1.10 per couple, and people attending are expected to wear the same costumes as they wore earlier in the day.

ORDER YOUR 1955 LA REATA

"Lute Song" Cast Turns In Notable Stage Performance

By RENEE SEARS

The College-Community Players' opening night performance of "Lute Song" was witnessed by an adequate audience in the Little Theater of Hartnell College on Thursday, March 17.

The play is humanly warm and absorbing and at the same time effects a harrowing experience to the emotions. Feelings of pity, sympathy, scorn, and anxiety fill the viewer during the various scenes.

The curtain goes up after an interesting narration by the manager, Jeannette Gudegl, who briefly comments on the story that is about to unfold.

The scene is the House of Tsai, portrayed by Ted Switzer. He is telling his son, Tsai-Yong, portrayed excellently by Kenneth Daugherty, to leave the house and make his mark in the world amid the pleas of Madame Tsai, his mother, played by Roxie Teague, and his beautiful bride, Tchao-ou-Niang, excellently portrayed by Jean Robertson. He becomes a famous magistrate and is forced to marry a princess in the capital, splendidly acted by Joyce Vandiver. Ray Wilson as the princess's father provides both scorn and chuckles by his means of getting his way and philosophizing. The supporting cast turns in a fine perform-

Donors Needed At Blood Bank In Salinas Monday

Qualified students are urged to give blood at the Salinas Recreation Hall on Monday. Rules on health and eating will be in effect, but as many collegians as possible are urged to help the Red Cross in its lifesaving work.

All persons under 21 will have to have a release slip (obtainable in the office) signed by their parents. Transportation to the bank will be provided and time away from classes at the center will be counted as an excusable absence.

The need for blood cannot be overemphasized. All are urged to donate.

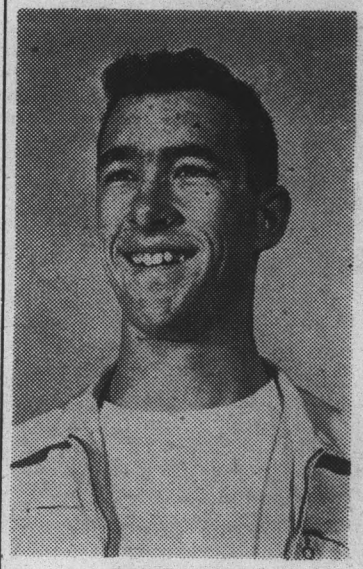

Veep Spot To Sherrill, Ingols Sweeps Secretary

Rene Eris was elected president of the Hartnell College student body for the 1955-56 school year at the runoff elections held last week. He polled 149 votes, while his opponent, Cliff Pletschet, collected a close 124.

In the runoff for vice-president, Frank Sherrill garnered 140 votes to win a very hotly contested victory over Louis Carpine, who gained 137 tallies.

Toni Oliveria collected 188 votes in the runoff for head yell leader to swamp her rival, Ivana Stock.

In the primary elections, Marilyn Ingols won the office of secretary over Merri Irving and Doranne Woods, while Ted Switzer was elected commissioner of Rallies and assemblies, defeating Joe Maras by a margin of 89 votes.

RENE ERIS

Myrna Bradley, woman's representative; Kathy Copeland, commissioner of social activities; Shirley Hennigan, sophomore representative; and Jerry Morgan, men's representative, were running uncontested.

Stylish La Reata Dedicated Memory Of John B. Lemos

By ALICE SAMS

The 1955 Hartnell La Reata is now nearing completion. The book, dedicated to the memory of John B. Lemos, will be ready for distribution in the latter part of May.

The 1955 book will feature a "new look" in shape and a new innovation in cover style. El Camino Press of Salinas is the printer and S. K. Smith Company of Los Angeles is making the covers.

The book had originally been intended to be dedicated to the students of Hartnell College, but at the untimely death of the president, John Lemos, the book will be dedicated to the memory of the fourth president of our college.

According to Alice Sams, editor, and Doris Henry, associate editor, the book will be one of the best ever published by the Associated Students of Hartnell College. The 112-page book is financed by the Associated Students, and does not rely upon advertisements for support. Student photographers Tom Freeman, Jerry Little, and Bob Spung work with professional photographer Ed Frayne to produce a pictorial effect by using many full page pictures and montages.

Technical aspects of the book come when the copy and layouts

(Continued on Page 2)

Student Union To Be Completed In Mid-May States Jim Sumrall

According to foreman Jim Sumrall, work on the new student union, costing $104,785.00, will be completed sometime in the middle of May.

When queried about the number of workers on the job, he stated that it varied according to the type of work being done.

An excellent safety record has been maintained on the project so far. No working time at all has been lost this year because of accidents.

One of the most interesting features of the building is the enormouse fireplace in the main lounge. The outside wall of the fireplace is composed of concrete blocks and around the inside Arizona and Nevada stone is being used to lend atmosphere.

Enclosed space in the new structure will be 7,130 square feet, while open roofed and paved area totals 4,050 square feet.

Dr. Luella Hall, Hartnell faculty member, was advisor to the Alpha Gamma Sigma chapter that conceived the idea for the student union about seven years ago. Since then, numerous people have been instrumental in carrying the idea along until it was finally approved on September 15, 1953.

Polls Register Poor Turnout

It is fortunate for the nonvoters that responsible persons were elected to office. However, it is feasible that a person of poor capabilities could have been elected to one of the important offices in Hartnell College student government if such candidates had been running. Perhaps it would have been good for the succeeding classes at Hartnell if this poor showing had produced "goof-offs." They could look back on this year's showing as a lesson learned and experience gained to adhere to.

A more miserable showing and utter display of disinterest couldn't have materialized if it had been planned. A bare percentage of over one half the eligible voters voted in the initial balloting. For the run-off, less than one half of the voters bothered to cast a vote.

This showing gave none of the candidates any reasonable display of appreciation for their interest, hard work, and initiative shown for their student government. Hours of work on suitable campaign posters, speeches and changes to the constitution and other phases in government went unnoticed.

This disinterest probably leaves a bad taste in the mouth of each of the candidates, including the winners. How can you be sure that the correct person is in office when you have only the majority of the minority votes counted?

As said earlier, responsible people have been elected and it appears as if Hartnell student government shall again next year have the correct guidance it has enjoyed these past years. But again, it would perhaps be good for the school if these persons turned out to be irresponsible and nonproducers. — By JERRY HUCKLEBERRY.

Many Scholarships Available

When warm weather descends upon the country and all men's fancies turn to women, the sophomore students in junior colleges throughout the country are dreaming of graduation. Trying to cram for exams and get in as much beach time as possible, they are tossed between getting a beautiful tan or making the grades that will get them into that favorite campus they have been dreaming about for so long.

Many scholarships are available to the average student and it will pay in the long run if they are looked into. The dean of men and dean of women are willing to take time out to help you make the most of your college education and future business life. But help cannot be given someone that does not take advantage of these services offered free of service to you. Your future outside of college depends mostly on your aggressiveness and attitude while attending college.

The Salinas Area California Teachers' Association offers two scholarships to anyone transferring from Hartnell to a four-year college of his choice while enrolled in and pursuing the course of education or planning to be a teacher. Many students here are studying in this field and if they have not already done so they should talk to their dean and secure information that will be very valuable to them.

The American Association of University Women and the Business and Professional Women offer to any woman student graduating from Hartnell a scholarship in any field of her choice in educational advancement.

A scholarship isn't considered a rare opportunity, but rather a benefit and honor to the individual. Some students won't need scholarships to help them get through their college life, but on the other hand there are many more who will need this service.

In this world today there are many professional men and women who haven't had the chance for a college education and who haven't taken that chance to get ahead, yet they are, literally speaking, professional business men and women.

Education is one asset that cannot be taken away from you and it is your duty to yourself, your community and your family that you take advantage of every opportunity that comes along in the way of educational advancement. — By PETE JORGENSEN.

LA REATA . . .

(Continued From Page 1)

must be given to the printer. The book is divided into signatures, each containing 16 pages.

At a given deadline, 16 completed pages must be given to the printer. The 16 pages are never split, although a signature may come in two divisions. The divisions of the book this year are: Faculty and Administration, Sophomores, Freshmen, Organizations, Activities, and Athletics.

When the printer sets the type, reduces the pictures, and combined the two divisions, a "brownline" copy is sent back to the journalism department for final proofreading. This is the last that is seen of the book before it goes into actual production. When the actual printing is complete, the sheets are sent to Los Angeles to the bindery and then the chosen covers are put on. The book is then shipped back to the journalism department for distribution to the student body.

Nine Hartnell students have worked on the yearbook this year under Mr. David Stidolph, faculty advisor for the journalism department.

Cal State Poly's 42-Man Choir To Perform Today

California State Polytechnic College's 42-man glee club and 15-piece dance orchestra will give an assembly from 2 to 3 p.m., and a dance from 8 to 12 p.m., today.

The collegiate musicians are on their fourteenth annual spring tour which takes them to high schools, naval stations and colleges throughout San Francisco Bay and Peninsula, central coast and Salinas Valley areas, March 20-25. Programs are scheduled for Alameda, Mare Island, Campbell, Redwood City, Oakland, Treasure Island, San Jose, Gilroy, Los Gatos, Santa Cruz, Carmel, Monterey, and Salinas.

Included in the all-male glee club are two other entertainment groups — a quartet and the "Majors and Minors," which is made up of a 12-man barber shop singing group.

The annual spring tour is the highlight of the music department year. Tour members are chosen on a competitive basis. Members, old and new, try out several weeks prior to tour-time and are chosen by glee club student officers.

According to H. P. "Davy" Davidson, director of the department since 1936, the method of choosing works well in that any student has the chance to compete and earn a place with the select group. The 42-man group is chosen from more than 70 glee club members.

According to Davidson, who also does some arranging for the glee club, the program will include popular and light opera pieces.

Several of the sings the glee club will present are "Gloria Patria," by Palestrina; "Let Us Break Bread Together," arranged by Williams; and "Pennsylvania 6-500," arranged by Gray.

The "touring musicians" from all-male Cal Poly are students from most of the college's 28 major departments, all participating in music on an extracurricular basis.

Panther's Claw

By C. P.

HALL OF FAME: Following is a list of noted Americans with one thing in common: Thomas Jefferson, John Quincy Adams, Andrew Jackson, Henry Clay, John C. Fremont, Stephen A. Douglas, Horace Greeley, Samuel J. Tilden, Theodore Roosevelt, Charles E. Hughes, Alfred E. Smith, Herbert Hoover, Wendell Willkie, Thomas E. Dewey, Adlai E. Stevenson, and Clifford Pletschet.
I ran for prexy but was beaten out by the Eris-tocracy.

* * * * * *

Cliff Pletschet

KOLLEGE KEYHOLE: Well, the hand-wringing is over and now we have a fine student body commission to serve us next year. President-elect Eris states that it will be a year of decision. The new officers will have the distinction of being "charter bosses" of the new student union. Let's get behind our commissioners and help them in their great work. . . . Latest joke at Hartnell: A cry or plea to borrow money is now "loot song." . . . 500 yearbooks went on sale Wednesday. Get yours quick! . . . Marty Wenks and Mary Ellen Ryan wanted to officially announce that they are going steady. As if you didn't know. . . . What's the most expensive gift you ever received on Valentine's Day? A Hartnell girl (M.) received a tape-recorder! This is strictly off the record. . . . Ruby Clark of our Caf made a big batch of coffee the other morning only to discover a dish rag floating defiantly therein. Ruby had to start all over. . . . Last issue we mentioned Donna Carlson without saying anything interesting about her. All we've dug up since is that she's going to marry Bob Binsacca of Santa Cruz in a couple years. You know old Bob. Yeah.

* * * * * *

NOTHNG BUT NOTHNG: Carol Glenn and Jim Burr met last week to talk about "C. Dates," they say. I don't know what the "C." stands for but all this sounds interesting. . . . Betsy Waki has her eye on Bill Mix. The other eye is still playing the field. . . . We: "Gerard, how does a big man like you get into that little Volkswagen?" Gerard Beukers: "You don't 'get into' a Volkswagen, you put it on!" . . . Looks like IT between Tony Vargas and Pat Bissett. Speaking of Tony, a group of flippy girls ran up to us last week and insisted that we somehow connect "coo" with the footballer. What "coo" has to do with Vargas, we'll never know, but are dying to find out. . . . Add Fuzzy Foote of Santa Cruz to that growing list of M.P.C. (?) stewdents who have to walk home. Long jaunt down Highway 1. . . . You read about that horrid fire in San Raphael about three weeks ago, didn't you? Well, Farrel Crone of that town, a cousin of Vadastine McCray of Hartnell, just missed it. Seems like Farrel traded rooms with a man in another building just before the fire. The man perished.

* * * * * *

SCRATCHIN' AWAY: A certain prof of our school doesn't use boring lectures to lead his tyros into the land of slumber. He uses pure ether. . . . Bet Maxie Andersen will go a long way in the boxing world. Maybe some day he'll bop the guy who bops Marciano, or get at the "Rock" himself. . . . Born to Mr. and Mrs. Ken Daugherty in Santa Cruz a couple weeks ago: a fine, cute, pretty daughter. (Last comments expressed by the pop.) . . . It drifted our way that perhaps Paul Rede will go back in the navy after his education. Paul might as well, since he has 13 years in already. . . . Sure was a bright green tie of old Erin that Frank Sherrill wore to school the other week. Frank says he's four-fifths Irish and one-fifth Scotch. . . . Nice sight of the month: Mr. Louis Eris back on the campus this week. Is much better. . . . Liked "Lute Song" very much, but some of the names in the play were like the bottom line of an optometrist's eye chart. . . . Advancement: Home Economics Club is saving money to build up a scholarship fund for future years.

* * * * * *

FROM THE SCRATCH PAD: You'd-never-guess-it item: Reggie Kenyon, who looks like he'd do o.k. in the weight-lifting world, is studying architectural drawing. . . . Be sure and turn out Monday to give blood. Particulars can be found in a news item in this paper. . . . Herb Bryant Prasky is sporting a pair of white buck shoes this week. 'Tis said that he had a small bottle of white solution and a small brush and gives the shoes an hourly spot-job. . . . Phil "Butch" Walters spent daze and daze looking in tomes for the definition of "artificial bleeding." After much work and the expenditure of quarts of midnight oil he discovered that it was "arterial bleeding" that he was really, after. That's our boy. . . . Our baseballers went to Soledad prison last Saturday for a doubleheader and it was really quite an experience for them. They reluctantly signed their names at the prison entrance but were not frisked. According to report, no inmates escaped while chasing fly balls account of a high, high barewire fence. Spoilsportz. . . . Well, that's the extent of the mud this week, dear readers (?).

Dr. Borough To Address Group

Mrs. Morrison Fetzer, chairman of the world trade committee of the Salinas League of Women Voters, stated that Dr. B. L. Borough, Hartnell history and political science teacher, will speak on the topic of world trade at the March 31 meeting of the league.

Mrs. Fetzer explained that Doctor Borough's talk is part of a study being made by the league which will be submitted to congress after two years of gathering material.

"Lute Song" Cast Gets Advice

■ Mr. H. W. Wong, technical advisor of "Lute Song," is shown explaining the meaning of the Chinese Characters to, right to left, Mrs. H. M. Wong, Joyce Vandiver, Lois Moller, Ray Wilson, and Juanita Clayton.

Hartnell Madrigal Singers Perform Today At Modesto Junior College

The Madrigal Singers of Hartnell College is a well-known singing group in the Salinas area. Directed by Vahe Aslanian, choral director of the college, the group has traveled about the state singing for many groups, including the Califoria Music Educators' Association. Christmas music by the group was presented to many clubs and organizations in the Salinas vicinity, and the group was also featured in the Christmas Choir concerts. One of the few junior college madrigal groups, Hartnell's ensemble has won statewide recognition for a superior group.

Madrigal singing is from the 16th century when the favorite entertainment for a family or gathering was to bring out a book of music, gather around a table and sing for the entire evening. The music itself tends to be contrapuntal, or each part carrying a separate melody. There are also combinations of contrapuntal and harmonic melodies. The groups are seldom larger than 16 members, usually four voices for each part. The singing is without accompaniment of any kind.

The 16th century music is usually sung in Latin, Italian, French, or English.

Two engagements for the Madrigals this month include a performance at the San Corlos Hotel in Monterey in honor of the 300th anniversary of the landing of the Jewish people in America. The program will be of three Hebrew songs, two in the Hebrew language and one in English.

On March 25, the group will travel to Modesto Junior College for the Northern California Junior College vocal and ensemble festival. Hartnell's Madrigals and several soloists will perform in this festival.

Members of the group this semester are: Rosalie Goetz, Merri Irving, Claudia Brown, Charlotte Eppley, Annette Shirachi, Janet Barker, Roy Bollinger, Jim Tarantina, Don Loucks, Greg Bambo, Constancio Gionson, and Ted Switzer.

Rede, Maras, Vets Club Officers, Gain Information At State Meet

Last week, two Hartnell veterans attended a state meeting of the California Student Federation of Veterans and returned with interesting information. Paul Rede and Joe Maras, president and secretary respectively along with veterans from such colleges as U.S.C., California, and Stockton discussed the possibilities of introducing a bill to Congress authorizing the use of Public Law 346 for Korean veterans. It would enable vets to attend schools of their choice with less financial burden.

The S.F.V. has one contact in Washington, Senator Kuchel. In Sacramento it has State Assemblyman Shepard from Long Beach and State Assemblywoman Donahue who will introduce the bill when it is ready. While the bill will not be ready for some time, possibly another year, it is hoped that all veterans will band together and give their school clubs and the state federation support.

Another state meeting is scheduled for March 27 at El Camino College and it is assumed that Hartnell will again send delegates. The information that can be gotten from these conferences is invaluable in proportion to the cost of sending delegates. Even if the proposed bill to Congress is by-passed, a state student federation of veterans will help to weld together our California veterans and help them to become better citizens through unity.

"LUTE SONG" . . .

(Continued From Page 1)

ance, even to the most minor part.

The set construction is both original and employs simplicity. The "Invisible Property Men" make changes of hangings and furnishings in excellent timing in full view of the audience. Background music provides atmosphere between the scenes and the use of a gong is most effective.

Mr. Ulrici is certainly to be congratulated for undertaking such a difficult play and coming through with such a splendid performance.

Vet Of The Week

Paul Rede, Vets Prexy, Served In Two Theatres

By JOE MARAS

Veteran of the Week is well-known Paul Rede, president of the local Veterans' Club and a staunch supporter of school government. Paul has spent much of his free time improving the Veterans' Club, and helping to revise the Interclub Council constitution. It seems that parliamentary procedure is one of his outstanding hobbies. He recently attended the state meeting of the California Student Federation of Veterans at Reedley College and came back with invaluable information concerning the improvement of our local club.

Rede is a native of New Mexico and attended schools in that area. He graduated, however, from evening school in Salinas, where he now makes his home. He traveled widely throughout the world and has seen action in both theaters of operation, including the Korean police action. Rede served on eight ships including the USS Wasmuth (DSM-21) which broke in half and sank with the loss of 62 lives 10 days after he transferred to another ship.

He is the recipient of many awards such as the Korean Presidential Citation and F.D.R.'s similar award, the U.N. Medal, Korean Medal, with two stars, and the Asiatic-Pacific Medal with four stars.

Rede left the service to further his education and has the permanent rank of quartermaster first class in the Inactive Reserve. He is majoring in language interpretation. He will then return to either the military service or to service in the State Department with the U.S. Government.

Board Approves Increase In Caf Workers' Salary

The Hartnell College Board of Trustees recently approved increases in the salaries of the college cafeteria helpers to equal those paid at the high school. According to Sept. J. Frederic Ching, the S.U.H.S. rate is $1.50 per hour.

The board also voted to purchase 18 typewriters now instead of in July to save approximately $180. It was estimated that the transaction would involve a transfer from the undistributed reserve of about $2,000.

Another measure approved was the request by Hartnell President Stuart F. Dufour, to list Chemistry 12 among the offerings of the college so that one student can receive credit for the course.

The board also accepted the 1953-54 annual audit of the college district, student body, and cafeteria accounts by Wilbur Stevens.

I. Club To Hold Annual "Chinese Dinner," April 13

The annual Chinese dinner sponsored by the Hartnell International Club will be held on April 13 in the Women's Gym. Tickets for the dinner will be 75 cents and can be obtained from members of the International Club.

Those members of the International Club heading committees for the preparation of the dinner are Elinor Evans, who will head the food committee. Assisting her will be Romeo Bautista, Al Acosta, Raymond Valdez, and Tom Ireland. Decorations chairman, Jackie Phillips; publicity, Renee Sears; tickets, Al Acosta. General chairman of the committees is Joyce Vandiver.

The Republic Cafe, noted for its fine Chinese victual will furnish the food which will consist of Egg Foo Young, Sweet-Sour Spare Ribs, Crow Mein, Rice, Tea, and Cookies.

"Li'l Hartnells," Bowling Team, Climbing High With Top Keglers

The "Li'l Hartnells" are steadily climbing the ladder to a first place spot in the P. G. & E. Bowling League. Taking four out of four games from Bell Club No. 2. Hartnell jumped from fourth place into a tie with the Sioux for third. Next Monday evening they will attempt to oust the Sioux who recently bowed to Bell Club No. 1 and lost their first place standing in the league.

With a total of 479 pins for the sixth series, Gene Saccone claimed the berth as high pin man with a score of 183 and high team average of 159 for the evenings encounter.

Mike Alioto followed with a series of 476 and a high score of 180 averaging 158. He was substituting for John Laue who was unable to participate.

This week, the "Li'l Hartnells" reached that top rung on the ladder, but are sharing it with the ever present Bell Club No. 1.

Last Monday evening, Hartnell was tied for third place in the P. G. & E. League, but after taking three out of four games from the Sioux, the "Li'l Hartnells" have advanced to a tie for first.

Having lost the first game by 84 pins, they took the next two by a large margin and won the fourth, a total comprised of the three game series, by 94 pins.

John Laue was back this week

Spikes Sharp For Sequoia

Panthers Upset San Jose; Meet Sequoia Speedsters

Fresh from last week's victory, the Panther trackmen travel to the home of the big trees as they clash with College of Sequoia in a dual meet today. With the San Jose scalp tucked neatly under their belts, the Adams charges hope to continue their winning ways.

Hartnell trackmen hosted a strong and favored squad from San Jose Jaycee in the seasons opening meet last week and literally ran away with the honors.

Paced by the double wins of Wes Bond and Dick Casper the Panthers scored nine first places, six seconds and five thirds in the track and field events as they marked up 68 points for the afternoon.

Bond won both the mile and two mile events and established a new Hartnell record for the mile as he crossed the finish line with a 4:38.7 time. His record breaking run seemed effortless as he erased the old mark of 4:39.5 set in 1941.

Dick Casper, hard pressed by Cushman of San Jose, won the 440 yard dash in 51.3 seconds, then returned to the track to turn in a brilliant 1:59.4 half mile effort as he easily outdistanced Acord of San Jose. Casper's 1:59.4 clocking is one of the fastest 880 times posted by a Hartnell runner in several years.

Football player Bob Fierro narrowly missed the double win column as he placed a surprising second in the century dash behind San Jose's Fugundes and was barely beaten in the 220 yard low hurdles by San Jose's outstanding sprinter Brewer, in a 26.3 race. Fierro captured first place in the pole vault as he cleared the bar at an even 12 feet to nose out teammate Dave Carey. With a third place in the broad jump, Fierro placed in a total of four separate events.

Don Bauer, Hartnell high jumper posted a 5' 9" jump to win in a weak field, and Marvin Anderson took first place in the discuss throw with a toss of 137' 4" to best Jack Armstrong of San Jose.

Coach Ed Adams watched Jerry Morgan leap 20' 7" in the broad jump to account for another first place for his impressive Panthers.

The mile relay and ninth first place was easily taken by the Hart quartet, Sus Matano, Reggi Kenyon, Dick Casper, and Bill Mix in the fair time of 3:40.5.

In addition to Fierro's surprise second in the century, Sus Matano of Hartnell took second in the 220 yard dash. Jerry Franklin of Hartnell finished third in the same race which was won by Fugundes of San Jose. Ed Mills reached into the show column as he placed third in the 120 yard high hurdles.

Coach Adams' ability to juggle his track and field men played a major role in upseting the Jaguar strategy. Premeet dopesters imagined San Jose, led by Brewer and Fugundes, would have little trouble disposing of Hartnell. Good conditioning seemed to play a major role in the Hartnell upset win which was evidenced by the unusually fast early season times turned in by Casper and Bond.

SPORTSTALK

By JERRY

Are you one of those students who believes that participating in a track meet is for the gifted only, that the runners and jumpers come from an entirely separate class, those born with winged feet? Cindermen, spikemen, speedsters, weightmen, they all belong to a particular class alright. Those words describe a few guys who spend a lot of time working and training for races and events at the track meets.

Many trackmen have a natural speed for sure, but many more practice and keep on practicing until they develop a winning talent by their own ambition and work.

Glance out the classroom window some morning or afternoon if you happen to have the opportunity. Look toward the back of the campus where the track is located. It is very likely you will see one or several Hartnell athletes running, trotting, or walking around the oval. And these students are not merely passing the time of day in aimless wandering. These exercises play an important part in conditioning the trackmen's body for the all out effort necessary for a winner in any track event.

Wes Bond, Dick Casper, Bob Fierro, Don Bauer, Jerry Morgan, and many others spend a lot of time striving for the rhythmic running style, the controlled breathing and perfect timing that makes a winner. They know what happens to the runner who isn't ready for the meets. The all out effort of competition quickly weeds out the unprepared as his breath comes short and muscles which should be loose and flowing tie themselves into knots before the finish line is reached or the highest jump made.

It takes a lot of time and practice to prepare for top performance in a track meet. Watch the schedule and come on out and watch the next meet that takes place on the Hartnell campus. You may be surprised to find yourself a track fan too, after watching a few events.

Chess Scores

Chess results as follows:

Round 1: Huston defeated Quinlan; Rodriguez defeated Walters; Hiura defeated Yoshida; Stevens — bye.

Round 2: Rodriguez defeated Quinlan; Stevens defeated Yoshida; Hiura — bye; Walters vs. Huston (yet to be played).

Harts Break Jinx, Avenge Setbacks With Win Streak

Batters are meeting the ball and fumbles are turning into smooth fielding as the Hartnell baseball squad is at last finding itself.

The Panthers suffered a rough beginning as they were shut out in the first two practice encounters and lost a free swinging double header to San Jose State Frosh. Coach Regli conducted daily workouts in an effort to get the kinks out of the club.

Last week the batters found the target as they lowered the boom on Gonzales High to take the contest 10-0 and break into the win column. Following up on Saturday the Harts took a pair of wins from the Soledad prison inmates 5-1 and 12-6 to extend the win streak to three games. Machado hammered a 415 foot homer, and Hal Boutte hit a double to lead the Hartnell power at the plate in the Soledad affair.

Tomorrow the Panthers travel to Soledad prison for a return match against the inside squad. Hal Kolstad and Bill Davidson will probably draw starting duties in the double event.

Coach Regli is confident that his baseball squad will continue to improve and win games now that the early jinx has been broken.

Bowling . . .

(Continued from Page 3)

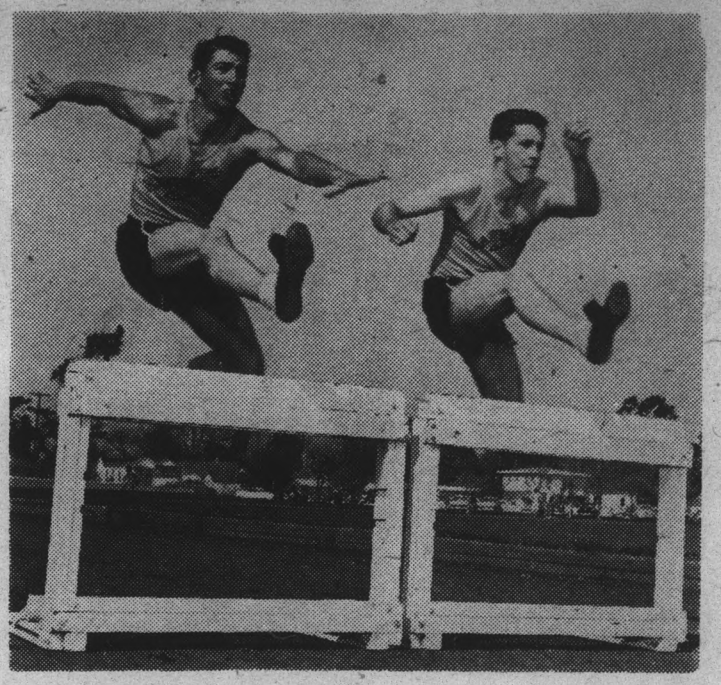

with his fabulous pin action after last weeks absence and racked up the high game spot with a 198 to his credit and bringing his league average up two points to a 147. Gene Saccone bowled a high series of 497 averaging 165 for the evenings encounter and having a high game of 172. This brought his league average up from 157 to 159.

A teams moral and spirit are important factors and play an important role on their outcome. This could not be achieved without the help of Sherrie Hutchinson, the team's official scorekeeper. It is encouraging spirit like hers that keeps a team on its never ending trek toward the top. The team, as well as the entire league, look forward to seeing her smiling face and cheerful laughter every Monday night. Her important job in the P. G. & E. Bowling League deserves a commendation she rightfully deserves.

Next week the "Li'l Hartnells" will tangle with Bell Club No. 1 for the first place position in the league. Why don't you set aside the 28th for an evening of excitement and watch Hartnell attempt to secure first place.

Until 1920, when Hartnell (formally Salinas Junior College) was founded by the Board of Trustees of the Salinas Union High School District, it was impossible to receive a college education in the central coast area.

Those Daring Young Men

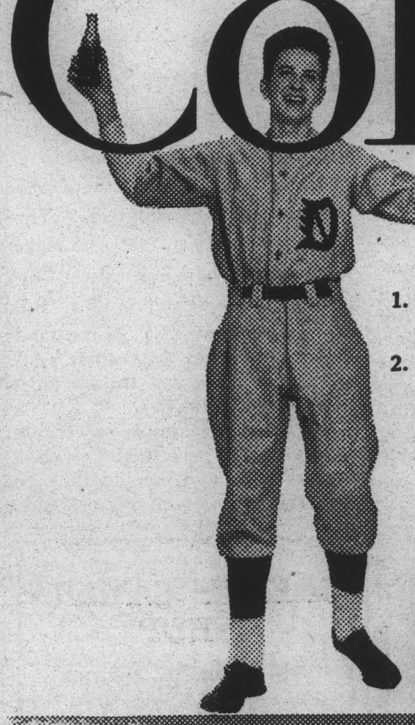

■ **Art Rodrigues, right, and Ed Mills take to the air as they clear the low hurdles in practice flights over the barriers. Both men have trained hard in anticipation of winning berths in today's meet against College of Sequoia at Sequoia.**
